

Furniture Medic
Insurance Work Processes

Procedure: FMIN30-01- SM & FM Furniture Restoration SLA's

Objectives:

- **Service Level Agreements (SLA's) – in bold below**
- To maximise restoration savings for our National Accounts
- To provide clarity of expectation for managing furniture restoration
- To increase furniture restoration opportunities for Furniture Medic

Advice/Notes:

ServiceMaster Clean businesses **must** refer all furniture affected in water, fire or smoke damage claims to a Furniture Medic business (or a sub-contracted Furniture Restorer where no Furniture Medic operates).

The speed of appointment and response are vital to maximise the success & as a result being able to demonstrate greater restoration savings for the National Account.

Whilst the Furniture Medic is acting as a sub-contractor it is possible that their work may be legitimately carried out under Delegated Authority for the Insurer – this enables the SM & FM businesses to make quick decisions on uplift of items for economical restoration (without delays for approval of quotes).

Procedure:

ServiceMaster Clean (as First Responder on water, fire & smoke damage claims):

1. ServiceMaster Technician identifies that furniture has been affected in the incident.

NB: If there is any doubt about possible affect then contact the Furniture Medic to discuss further.

2. ServiceMaster Service Centre requests Furniture Medic to evaluate the furniture affected in the incident. A record of this must be made in SAMS history.

The ServiceMaster Service Centre confirms basis of Furniture Medic attendance:-

- a) Attend, evaluate for economical restoration, immediate uplift of restorable items – quote to follow.
- b) Attend, evaluate for economical restoration & submit quote.

SMC SLA: Request FM visit from site on initial visit maximum within 24 working hours of first visit.

Furniture Medic (acting as Sub-Contractor to ServiceMaster Clean Service Centre):

3. Furniture Medic Service Centre visits risk address to confirm restoration opportunity.

FM SLA: Within 48 hours of being contacted by the ServiceMaster Service Centre.

4. If economical restoration is possible Furniture Medic responds in accordance with request of ServiceMaster Service Centre :
 - a) Immediate uplift of restorable items – quote to follow.
 - b) Quote for restoration.

Furniture Medic Service Centre also confirms items that are either BER or that need no restoration.

FM SLA: Quote within 24 hours of visit to the Risk Address.
